

Y8 Art & Design Work

Instructions – complete the tasks using A4/A3 paper or a computer if you wish. Make sure to add as much detail as you can including colour. If you are able, you can print off the worksheets and complete the task on the printed sheets.

How to Draw an Impossible Square

Shape Up

Many graphics and logos contain letters that are drawn to form the shape of an object or an idea. There is freedom to drawing these types of words because there are no rules—the letters can simply morph into whatever you want them to be. On the opposite page, follow the steps below to try your hand at drawing an object-shaped word.

Step 1 Draw a faint, simple outline of your object.

Step 2 Draw the middle letter(s) of the word in the center of the outline to establish spacing.

Step 3 Add the rest of the letters.

Step 4 Erase your pencil outline and ink the letters.

Step 5 Add color!
